King George was purchased from Boehler Gelbvieh at the 2008 National Gelbvieh Sale held in conjunction with the National Western Stock Show in Denver, CO. We purchased him in partnership with Vaughn Thorstenson of Lazy TV ranch in Selby SD. We used him for 4 years, had him collected and then sent him onto Lazy TV. He is a calving ease bull with CE and BW in the top 30% of the breed. His daughters make great mothers, and he has tremendous marbling which we desired in 2008. Call for pricing and availability.

I saw this bull as a calf at Beastrom Gelbvieh in the summer 2010. Watched him progress. He came to Denver for the NWSS in 2011. He was crowned Champion Futurity Bull on Saturday night. He was lot one in the National Sale on Sunday night when we bought him in partnership with Post Rock Cattle of Barnard, KS. Monday morning, he went on to be crowned the National Champion Gelbvieh Bull in the National show beating out even the 2 & 3 year old bulls. He made us some awesome daughters that were prevalent in our 2018 mature cow dispersal. Long sided, big hiped, attractive females. One of his daughters was crowned National Champion Female in 2013. Call for price and availability.

We, like many, were impressed with Cornhusker Red. When Chimney Butte mailed out there 2020 Bull sale catalog which had six Cornhusker Red sons, I got excited. 5 were red one was hetero black. We had them all checked out and the word was the black one was the best of the six. We got him bought to my delight. We got him home and took him out to KABSU to have him collected. 380 units on his first jump. We have used him A-I and natural exposure and are delighted with the calves he throws. Big hips nice tops, moderate frame, attractive females. We can't wait to see these females in production. Call for price and availability.
